

REFINISH

# Q 40-500

# 1K Primer Aerosol

## Characteristics

40-500 is universally applicable and easy to sand. Due to the high solids content, pores and fine grinding grooves are evened out and a closed, smooth surface is achieved. The subsequent sanding with fine sandpaper creates an even surface, which creates the prerequisites for a successful top coat.

## Physical Characteristics

40-500-0401

40-500-0402
