

Q 50-105

Brushable UBC Bitumen

Characteristics

50-105 Bitumen UBS brushable is a highly resistant coating for floor pans, wheel houses and so on. It provides a durable protection against corrosion, de-icing salt and stone-chip. Excellent adhesion, shock- and scratch-resistant, long-term flexible film, good sound deadening properties, non-drip application.

cleaning

mind. + 10°C

ca. 3mm

Consumption: 1 - 2 m²/l

Drying

3,5 h

Processing tips

The floor pan must be cleaned thoroughly. It must be dry, free from dust, grease, oil and rust. Old non-adherent underbody coating must be removed.

Do not apply on engine, transmission, sump, cardan shaft, exhaust pipes, axles, springs, shock absorber, brake cables, grease nipples, etc..

Storage

Store the product in a ventilated place. Keep away from direct exposure to sunlight. Keep between +10°C und 25°C.

Safety
